

Foot Care Nurse Job Description

We are looking for Qualified Foot Care Nurses that we can add to our referral list. There is a very high demand for this service in Winkler and Surrounding area.

Qualified Foot Care Nurses will provide foot care services to clients. Footcare nurses work independently, scheduling their own appointments and recording of client information.

Qualifications:

- Assume responsibility for maintaining competence in own nursing practice.
- May be required to provide nursing care in a variety of settings including private homes
- Physically capable of performing duties related to the position, including clients with physical and mental challenges during foot care appointments
- Graduate of approved Registered Nursing or Licensed Practical Nursing education program.
- Must be licensed to practice in Manitoba and have a valid document for Foot Care from Assiniboine College, Red River College
- Must supply own equipment

We require documentation of qualifications, references, criminal record check and adult abuse registry check.
